## SNEEZE BARRIER SHIELDS

### Material:

3mm thick polycarbonate clear sheet, resistant to mechanical stress: free from breakage and cracking.  
Covered with a protective film on both sides, which must be removed right after installation!  
Can be kept clean by using household window cleaning liquid.

### Design:

Bended on both sides at 45 degrees, usual height 840mm.

### Installation:

Units can be fixed together by using screws provided. The assembled structure stands alone but it is advised to use L profiles with adhesive backing to fix.  
Counters in any shapes can be protected with the combination of ABCD units.

### Package contains:

1 piece of barrier unit, 4 pcs of "L" shaped fixing profiles with double-sided adhesive, 2 pcs of polycarbonate screws.
